Re: Supplemental Request for Information – Extension
Motorola 52nd Street Superfund Site, Phoenix, Arizona (Arizona Public Service
Company facility at 505 South 2nd Avenue, Phoenix, Arizona)

Dear Mr. Davis:

This letter is to confirm my conversation of March 11, 2002 with Allyn Stern, USEPA Office of Regional Counsel, wherein she agreed to grant Arizona Public Service Company (APS) an additional extension to respond to EPA's Request for Information regarding the above-referenced facility. With the extension, APS' response to their request will now be due on March 29, 2002.

Additionally, this letter is to confirm our telephone conversation of March 8, 2002, wherein you agreed to limit the scope of Question 3.d. of EPA's Request for Information of November 30, 2001. Question 3.d. requests "all existing documents concerning the quantities purchased and used of such chemicals or raw materials." Pursuant to our conversation, you agreed that APS could limit its response under this question to "existing documents concerning the quantities purchased and used of the specific chemicals or substances identified in Question 4."
